

**Tom Falk**  
**Director of Infrastructure and Sustainability**  
**San Elijo Joint Powers Authority**

Mr. Falk joined the San Elijo Joint Powers Authority (SEJPA) executive team in November 2022, as the Director of Infrastructure and Sustainability. He is responsible for supporting the General Manager in carrying out directives of the Board of Directors, overseeing SEJPA's capital improvement program, asset management and maintenance programs, and sustainability initiatives.

Mr. Falk has over 20 years' engineering and management experience in the southern California wastewater industry. Mr. Falk earned his Bachelor's degree from San Diego State University and is a professional engineer (California Registered Civil Engineer No. 69780). Prior to joining SEJPA, Mr. Falk worked as an engineering consultant helping public agencies throughout California plan, design, manage and construct water, wastewater, and recycled water projects. Mr. Falk served as an Officer of the San Diego Chapter of WateReuse for five years and as the Chapter Trustee to California WateReuse.

Professional affiliations include the Water Environment Federation (WEF), California Water Environment Association (CWEA), SoCal Clean Water (formerly the Southern California Alliance of Publicly Owned Treatment Works), California Association of Sanitation Agencies (CASA), WateReuse, and American Society of Civil Engineers (ASCE).
